

# Eric Norman.

## Work

### UX Architect      Solarity Credit Union

November 2017 - Current

Led the mortgage innovation project, and created a cross-functional team of researchers, designers and engineers, dedicated to building tools that improve the home buying process for internal mortgage staff and credit union members.

### Sr. UX/UI Designer      Ventive

April 2017 - November 2017

Lead design and development teams through the agile development process, taking user-centered design strategies from concept to production, for clients including City of Boise, Aston Martin, and US Realty.

### Product Designer      FARO

April 2016 - April 2017

Lead user experience and user interface design efforts for the redesign of Faro's 2D CAD product, used widely for crime, fire, and insurance courtroom exhibits and animations.

### Interactive Director      Mojo Lab

January 2015 - April 2016

Lead creatives and developers, mentoring, critiquing, and ensuring quality of deliverables. Managed all stages of the creative and development process, from concept to delivery, interacting with clients, collaborating on ideas, and implementing based on creative feedback.

### Designer / Developer      Entercom

July 2013 - June 2015

Built and supported new, rich and engaging digital experiences for content authors and their audiences. Contributed to integrated advertising campaigns by creating digital interactions that facilitated measurable project goals.
